

## **Abstrakt**

The aim of my work is to find out what changes and impacts were brought by Act No. 170/2018 Coll. i.e. regulation applicable to the distribution of insurance. In the first chapter, I deal with records management, where I describe in detail its individual parts and who are the originators. The next part is the laws where I briefly describe Act No. 38/2004 Coll. on insurance intermediaries and independent claims adjusters and on the amendment of the Trade Licensing Act and then Act No. 170/2018 Coll. on distribution and security. In the penultimate part, I deal with the changes that have occurred as a result of the law in the XX insurance company. The last part is the practice in the XX insurance company, before and after the law was passed.
