Course of defence: The student introduced her research. Its topic deals with the Russian hybrid warfare in Ukraine and comparative analysis of two cases and identification of critical elements in the successful application of hybrid tactics. The student introduced the design of her research, used methods and the main concepts. The commission asked about the main contribution of the thesis in question, the student stated that there is so far missing scholarship on hybrid warfare in the case of Crimea. Then the student reacted on the reviews of her thesis but rather just briefly. Those reviews were clearly very positive and commended the work.
