5. Additional commentary and evaluation, questions for the defense:

Non-standard appearance of the front page and incomplete title.

Text format with various spaces in all the goals of the therapeutic unit. At the end of each day session "result" is missig. Words "subjective/ objective" are not sufficient.

All the citations are not in the same form. Many of them lack DOI. Books are mostly cited.

Question for the defense:

What do you think about the prognosis of your patient?

6. Statement of the supervisor:

I declare that all referenced sources are properly cited or paraphrased in the thesis. The thesis was evaluated by the similarity test (SIS - Turnitin), and the similarity report is attached in the electronic documentation of thesis in SIS. The final result of 100% similarity is caused by repeated storage of the thesis in the system.

7. Recommendation for the defense:
