Datum obhajoby: 30.06.2021 **Místo obhajoby:** Praha
Termín: řádný

Průběh obhajoby: The student presented the goals, methodological procedures and results of his bachelor thesis. After the presentation, the supervisor's and the opponent's reference was fully read. The student then answered the questions that were asked in both references. The defense of the bachelor thesis took place in English.

The following questions were asked in the public discussion:
Vomáčková – 1) what physical therapy would you suggest to improve the patient's condition at the beginning of your collaboration?;
Hassmannová – 1) no questions
Maršáková – 1) no questions

In a closed discussion, the committee evaluated the student's performance, ability to present, discuss the results of the submitted work. The committee ask the student to submit the "eratta" (the chapter Conclusion and Work methodology (3.1) as was discussed in the supervisors' report and during the defense. The committee concludes the defense with the overall result good.
