

Bullying has never been easier. Thanks to boom in informations a comuncations technologies, almost anybody, in privacy of their houses, in anonymity of PC classroom or internet caffés, can bullying almost whosover. 24 hours a day, 7 days a week. Also this can be a form of cyberbullying.

What cyberbullying is, what are the specifics, what are the most common forms, who are aggressors, who are targets, how many young people has encounte with cyberbullying not only all around the world, but also in Czech Republic. How school staff, parents and targets have to react, when a problem with cyberbullying has appared. What are the possibilitis of prevention.

I have tried to respond on following next pages to those questions.
