

II. Defence of the Master Degree Thesis

Cjustur kojo Garuu

Held on:

13.8.2010

The course of the defence:

The defence was opened with introduction to the research aim. The perception of education of children with SEN was presented as a key component of the inclusive progress. The shortcomings of the schools/participants were sufficiently justified. The student introduced research methods and mentioned barriers he was facing during the research project.

The comments from the tutor and reviewer were answered.

Excellent presentation.

Very well
