## **The History and Present of Sports in Čáslav Sport Facilities Vodranty**

This thesis is focused on the development of Čáslav's forest park Vodranty from its inception to the present form. In each section you can find information about the most common sports that are part of the sports complex in Vodranty. It includes athlete, football, swimming and tennis.

Each chapter deals with one of the mentioned sports and we can find out more dates about gradual inception and development of these sports. Many sports talented and exceptional people were brought up in Vodranty, but the main aim of thesis was expressing complex concepts of Čáslav's sport, which is concentrated in one place. Thesis also provides complete and chronological sorted file of information relating to sports activity in the forest park Vodranty.
