TŮMOVÁ, M.: *Changes of the microregion Rychnov nad Kněžnou between two world wars in the sources of municipal administration, on maps and plans*, the thesis, The Faculty of Arts of Charles University in Prague, 2011, 90 p., 6 app.

The thesis covers the changes of the environment of the city of Rychnov nad Kněžnou and its neighbourhood between the two world wars. In terms of the selected sources of municipal administration, the objective of the thesis is to detect whether the municipal documents contain relevant information and how much of it. The thesis is divided into chapters according to the sources that were harvested. The introduction covers the brief history of Rychnov nad Kněžnou. The main body focuses on the changes of the urban area in terms of the selected sources and considers relevance of the sources in understanding of development of the urban area. The municipal maps are enclosed in order to demonstrate the development and the changes and to provide a better orientation.

Keywords: Rychnov nad Kněžnou, changes, urban area, municipality, development
