

This Bachelor's Work aims to integrate single remarks to the impact of Hussitism on Slavonic states such as Poland, Slovakia, Ukraine and Russia. The work describes the period events, formation and development of the Hussite movement in Bohemia. Further the development of revolutionary ideas in Slavonic states and a direct war impact on them is shown there. This work also deals with reactions to Hussitism in modern history and pictures of Jan Hus and God's warriors in Slavonic literature.
