Datum obhajoby:	
Průběh obhajoby:	<p>Elena Irodotou had very nice presentation of her bachelor thesis.</p> <p>The second point was opponent's review which contained these questions: Based on the results of your research, what would you recommend to coaches working with the age groups of 13, 14 and 15 year old boys? Do you think that the results would be different if the respondents were girls? What role might have played the cultural background of the respondents? Are there any specifics in the Cyprian culture that may be reflected in the research results?</p> <p>These questions were answered very well.</p> <p>The third point was supervisor's review.</p> <p>Conclusion: two members recommended excellent, third one suggested very good (because of short paper).</p> <p>So, the result was excellent.</p>
Výsledek obhajoby:	Výborně
