Osobnost Johanne de Ragussio a jeho replika proti přijímání pod obojí ve světle nepublikovaných archivních pramenů

Johannes De Ragussio personality and int replica to recese under both in the light of unpublished archival sources

Thanks are living out the fate of Johannes de Ragusio can understand his very negative attitude to the Hussites, culminating in his performance at the Basel Council. After hearing the four-Czech speakers advocating the Articles of the individual, gave his reply. To better understand the body of the reply is in the dissertation is divided into separate subsections, on the one hand, his sixteen hermeneutic rules of evidence need only receive under one species of the New and Old Testament quotations from church fathers and councils. Then follows the argument against communion in both kinds, divided into five basic points and the interpretation of the Church.
