The topic of this thesis are inheritance titles, which represent legal grounds of inheritance. The purpose of my thesis is to describe and analyse current substantive legislation of inheritance titles in the Czech legal system, describe historical context and compare it with a proposal of future legislation.

The whole thesis is composed of three parts: an Introduction, five Chapters and a Conclusion. Chapter One outlines the historical development of the issue. The following Chapters Two, Three and Four examine the relevant current Czech legislation of inheritance titles. Chapter Two analyzes general conditions of inheritance law, Chapters Three and Four focus on explanation of the intestate and testate succession. Finally, the last Chapter Five describes the proposal of future legislation.

This thesis is based on the legal situation of 1. November 2010.
