

ABSTRACT:

Bachelor thesis gives an overall analysis of selected works of the famous Russian poet, prose writer and playwright, Ivan Sergeyevich Turgenev. The thesis focuses on the major theme of his works. The bachelor thesis investigates above all the author's perception of natural images in the selected works; and it aims at the role of different themes. The comparison analysis is grounded on the period context and biographical facts, which incredibly influenced the author, but it is based on the works of various Russian authors as well, in their works we can find similarities with the above mentioned theme.

KEY WORDS:

Turgenev, nature, short stories, novel, poems in prose, poetics, philosophy.
