REPORT OF BACHELOR THESIS

| Leadership's name: | Mgr. Lenka Satrapová | | | | | |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------|-------------------------------------------------------------------|------------------|--|--|
| Student´s name: | Osama Saleh Al sheikh | | | | | |
| | Osallia Saicii Ai Siicikii | | | | | |
| Title of diploma thesis name: | | | | | | |
| Case study of a patient with postoperative patella | tension | | | | | |
| Goal of thesis: | | | | | | |
| The aim of this bachelors thesis research is based | | | | | | |
| mechanism of patella fracture and focusing on the reconstruction. | main principles ar | na procedures o | r the therapy bero | ore | | |
| | | | | | | |
| 1. Volume: | | | | _ | | |
| * pages of text | 79 | | | | | |
| * literature | 23 | | • | | | |
| * tables, graphs, appendices | 12 tables, 16 figu | ires, 2 appendic | cies | | | |
| 2 Sariouspass of tanica | ahovo avorago | 200220 | under average | 1 | | |
| 2. Seriousness of topics: * theroretical knowledges | above average | average | under avarage | | | |
| uleroreucai kilowieuges | | X | | | | |
| * input data and their processing | | Х | | | | |
| has man and brossenig | | | | | | |
| * used methods | | Х | | | | |
| | | | | | | |
| 3. Criteria of thesis classification | ovedlant | yom, good | L antiefneten. | | | |
| degree of aim of work fulfilment | excellent x | very good | satisfactory | unsatisfactory | | |
| degree of aim of work fullilinent | ۸ | | aim of wo | rk was fulfilled | | |
| independence of student during process of thesis | | X | X | K Was ranned | | |
| | | | | | | |
| | | | | | | |
| logical construction of work | | X | | | | |
| logical construction of work | | | | | | |
| | | | | | | |
| logical construction of work work with literature and citations | | Х | less number of li | terary sources | | |
| logical construction of work work with literature and citations adequacy of used methods | X | Х | less number of li | iterary sources | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions | X | Х | | iterary sources | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) | | X | X | iterary sources | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over | | X | x aps, dots) | iterary sources | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level | rall design of the w | X X vork (spacing, ga | x aps, dots) x | | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of | rall design of the w | X X Vork (spacing, ga | x aps, dots) x s leaning to the Li | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left | rall design of the walling the operation, put the operation, put the said lying position. | X X Vork (spacing, ga | x aps, dots) x s leaning to the Li | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of | rall design of the walling the operation, put the operation, put the said lying position. | X X Vork (spacing, ga | x aps, dots) x s leaning to the Li | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left | rall design of the walling the operation, put the operation, put the said lying position. | X X Vork (spacing, ga | x aps, dots) x s leaning to the Li | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appendi | rall design of the wall design o | X X Vork (spacing, gan) 20.34. the head is n p. 47 2end the | x aps, dots) x s leaning to the Liverapeutic session | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appendi | rall design of the wall design o | X X Vork (spacing, gan) 20.34. the head is n p. 47 2end the | x aps, dots) x s leaning to the Liverapeutic session | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appendice. 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: | rall design of the wall design of the wall design of the wall did the operation, particles is missing the wall design of the wa | X X Vork (spacing, gan) 20.34. the head is n p. 47 2end the | x aps, dots) x s leaning to the Liverapeutic session | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work research to the patient of the patient in the work research to the patient of the patient in the work research to the patient to the patient to the patient to the patient to the pati | rall design of the wall design o | x x x vork (spacing, ga a.34. the head is n p. 47 2end the average | x aps, dots) x s leaning to the Liverapeutic session | ft, | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in 2) Student didn't follow all the formal reccomenda | rall design of the wall design o | x x x x york (spacing, ga a.34. the head is n p. 47 2end the average | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in | rall design of the wall design o | x x x x york (spacing, ga a.34. the head is n p. 47 2end the average | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in 2) Student didn't follow all the formal reccomenda | rall design of the wall design o | x x x x york (spacing, ga a.34. the head is n p. 47 2end the average | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in 2) Student didn't follow all the formal reccomenda | rall design of the wall design o | x x x x york (spacing, ga a.34. the head is n p. 47 2end the average | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in 2) Student didn't follow all the formal reccomenda | rall design of the wall design o | x x x x york (spacing, ga a.34. the head is n p. 47 2end the average | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in 2) Student didn't follow all the formal reccomenda 3) How you would like to continue with your patients. | rall design of the wall design o | x x x x x x x x x x x x x | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
| logical construction of work work with literature and citations adequacy of used methods proper composition of therapeutic sessions design of work (text, graphs, tables) different style of description of figures, worse over stylistic level grammar mistakes (title in abstract, p.30 patient of p.34. kiphosis, p.42 reverse lachman test, p.46 left inconsistant citation standard, chapture of appenda 4. Usefulness of the thesis outcomes: 5. Comments and questions to answer: 1) The inform consent of the patient in the work in 2) Student didn't follow all the formal reccomenda 3) How you would like to continue with your patients. | rall design of the wall design o | x x x x x x x x x x x x x | x aps, dots) x s leaning to the Lierapeutic session above average | ft, etc), | | |
