

Abstract and keywords

Žaloudková, R.: *Animated movie on primary school*. [Thesis] Prague 2012 - Charles University, Faculty of Education, Department of Fine Arts, 124 s (Attachments: DVD with animated movies by pupils of elementary school, photo documentation)

This thesis deals with creating animated films with pupils of primary school and it has the character of a survey. The survey is carried out a questionnaire. Art lessons are subsequently prepared on the basic of the survey results. The preparations are implemented, reflected and documented. The result and the benefits of the thesis are a) didactic material facilitating the creation of animated films in teaching b) children's animated films, which confirm connections between artistic creation and film/audiovisual education.

KEY WORDS:
