

Abstract

The topic of this thesis is „Community property of spouses“. The purpose of the thesis is to compare the current legislation, contained in the Civil Code from 1964 with the legislation, contained in the New Civil Code from 2012. I have chosen this topic because of the recodification of the civil law. The thesis is composed of nine chapters. Chapter One defines the purpose of this thesis. Chapter Two illustrates the conception of property relationships between spouses in the past. Chapter Three defines the term „community property of spouses“. Chapter Four deals with the creation of community property of spouses and Chapter Five deals with the object of community property. Chapter Six and Chapter Seven focus on the subject and the modification of community property of spouses. Chapter Eight deals with the settlement of community property of spouses after a divorce of their marriage. Conclusions are drawn in Chapter Nine.
