

Abstract

Thesis describes the complex problem of social exclusion. It is divided into two parts - theoretical and practical. The theoretical works mainly with the literature and other sources to describe main terms, especially the social exclusion and socially excluded localities. It also focuses on the Act 111/2006 Sb., on the Assistance in material need. It also mentions the social benefits, that are given in situation of material poverty. The practical part analyzes the situation in Chomutov, construes the work of municipality and of the contact department of the Labour Office. This part is dedicated to describe their cooperation in the field of social affairs.
