Title of doctoral thesis: Contemporary using of medicinal Cannabis in the Czech Republic

Cannabis. The plant, which is seen quite controversial. The plant, which has an excellent therapeutic effects, on the other hand, a drug that is frowned upon by many people. With the coming of legalization of therapeutic cannabis in the Czech Republic, the issue gets into the public awareness. The aim of this work is the mapping of legislation and the attitudes of institutions to the official use of cannabis as a drug substance.
