

The diploma thesis is divided into two parts – the theoretical and the practical one. The theoretical part deals with contemporary issues of aphasia in the context of various scientific disciplines and aphasia assessment. I analyze aphasia classifications, diagnostics, therapy and using of the aids in aphasia therapy. The practical part describes my work - project and realization of reeducational aid for people with aphasia, which name is Soubor sekvencí dějových obrázků. I devote to detailed description of this aid in the final chapter. The aim of the diploma thesis was to widen offer reeducational material for people with aphasia in our conditions.
