

Abstract

The diploma thesis concerns the legal regulation of hunting in the Czech Republic. The subject of this thesis is to analyse and critically review of valid and effective legislation. The thesis is divided into 4 main chapters which are further sub-divided into the subchapters. The chapter 3 as a crucial part of the thesis deals with the Act No. 449/2001 Coll., on Hunting, as amended. The thesis is primarily focusing on wild game and its ownership, rights and duties of hunting guards, hunting management and importance of hunting management plan and issues relating to overpopulation of specific types of wild cloven-hoofed game which is connected with a liability for damage caused by game.
