

## Přílohy

### Seznam příloh

- **Příloha č. 1** - Výsledky vyhledávání hesla *Lee Silverman Voice Treatment* v databázi PubMed
- **Příloha č. 2** - Výsledky vyhledávání hesla *LSVT LOUD* v databázi PubMed
- **Příloha č. 3** - Výsledky vyhledávání hesla *Lee Silverman Voice Treatment* v databázi Google Scholar
- **Příloha č. 4** - Výsledky vyhledávání hesla *LSVT* v databázi Google Scholar
- **Příloha č. 5** - Shrnutí výsledků vyhledávání všech použitých hesel v obou databázích
- **Příloha č. 6** - Seznam vybraných odborných článků a publikací pojednávajících o specifických hlasu a řeči u jedinců s Parkinsonovou nemocí a jinými neurologickými onemocněními zpracovaných výzkumnými týmy Dr. Ramig a Dr. Fox

## Příloha č. 1

### Výsledky vyhledávání hesla „Lee Silverman Voice Treatment“ v databázi PubMed<sup>1</sup>

The screenshot shows the PubMed search results page for the query "Lee Silverman Voice Treatment". The search bar at the top contains the query. The results are sorted by Recently Added, showing 1 to 20 of 66 results. Each result is a list item with a checkbox, the title, author(s), journal information, and PMID. To the right of the results, there are several filter panels: "Filters: Manage Filters", "New feature", "Titles with your search terms", "Find related data", "Search details", and "Recent Activity".

**Results: 1 to 20 of 66**

## Příloha č. 3

### Výsledky vyhledávání hesla „Lee Silverman Voice Treatment“ v databázi Google Scholar

The screenshot shows a Google Scholar search results page. The search query is "všechnavnázvu: 'lee silverman voice treatment'" entered into the search bar. The results panel displays several search filters on the left: "Najít články" (Search articles), "se všemi slovy" (with all words), "s přesnou frázi" (with exact phrase), "alespoň s jedním slovem" (at least one word), "bezé slov" (without words), and "kde se vyskytnou slova" (where words appear) set to "v názvu článku" (in article title). Below these are filters for "Zobrazit články autora" (Show articles by author) and "Zobrazit články publikované v" (Show articles published in). There is also a date range filter "Zobrazit články s datem mezi" (Show articles between) set to 1996. On the right side, there are links for "Moje citace" (My citations) and "Přihlásit se" (Log in). The main search results area shows a single result: "Current perspectives on the Lee Silverman Voice Treatment (LSVT) for individuals with idiopathic Parkinson disease" by CM Fox, CE Morrison, LO Ramig, S Sapir - American Journal of Speech ..., 2002 - bltek.com. This result includes a snippet of text, a PDF link, and citation details.

### **Swallowing and voice effects of Lee Silverman Voice Treatment (LSVT®): a pilot study**

A El Sharkawi, L Ramig, JA Logemann... - Journal of Neurology, ..., 2002 - jnnp.bmjjournals.org

Objective: To define the effects of **Lee Silverman Voice Treatment** (LSVT®) on swallowing and voice in eight patients with idiopathic Parkinson's disease. Methods: Each patient received a modified barium swallow (MBS) in addition to voice recording before and after ...

## Příloha č. 4

### Výsledky vyhledávání hesla LSVT v databázi Google Scholar

The screenshot shows a Google Scholar search interface. The search term 'všechnavnázvu: LSVT' is entered in the main search bar. Below the search bar, there are several search filters: 'Najít články' (Search articles), 'se všemi slovy' (with all words), 's přesnou frázi' (with exact phrase), 'alespoň s jedním slovem' (at least one word), 'bezé slov' (without words), and 'kde se vyskytnou slova' (where words appear). To the right of these filters are buttons for 'Moje citace' (My citations) and 'Přihlásit se' (Log in). Further down, there are filters for 'Zobrazit články autora' (Show articles by author), 'Zobrazit články publikované v' (Show articles published in), and 'Zobrazit články s datem mezi' (Show articles with date between). A search button is located below these filters. The results page shows a single article abstract:
