

## **ABSTRACT**

This master's thesis deals with various views of potential school directors and headmasters of the school director selection procedure. The work is divided into the theoretical and the research part. The theoretical part analyses the legislation relevant to the selection procedure for the school director, i.e. The School Law and law No. 82/2005.

In the practical part author used the questionnaire to find the ideas of potential school directors and headmasters of the selection procedure and of The School Law novelisation.

The goal of this thesis is to find how differs these ideas. The conclusions of this work can be used for the improvement of the school director selection procedure in the Czech Republic.

The work is based on the literature listed at the end and on the questionnaire survey, which was performed with 115 potential school directors and 13 headmasters.
