

## **Abstract**

The topic of my Master's degree thesis is „The issue of criminal juvenile justice“. It is focused on the area of unlawful acts of youth and children under fifteen years old. I chose this topic because of my interest in this area.

The main focus of my thesis is juridical, and minor part is also devoted to criminal aspects. I focus mainly on the sanctions. Thesis is divided into seven chapters and further split into subsections.

In the first chapter I describe basic facts of the youth criminal acts. I'm focusing mainly in the characteristic criminal conducts and behaviors.

The following chapter is focused on Juvenile criminal justice and mainly Law No. 218/2003 Coll. It deal with the purpose of the law and the basic concepts.

The third chapter describe the area of the legal accountability of youth people, it means the question of legal accountability and moral and intellectual maturity. It deals with issue of insanity and age limit for criminal accountability of youth.

In the fourth chapter I have focused on the termination of criminal liability, active repentance and the Limitation of the law.

The fifth chapter is focused on the analysis of measures and their deficiency. This chapter represents the core part of the thesis.

In sixth chapter I deal with the question of specific forms of criminal proceedings and their particularities.

Last chapter is focused on the issue of criminal proceedings in juvenile cases, basic principles of criminal proceedings, the issue of local jurisdiction, the status of legal guardian and injured party and necessary defense. I also deal with the protection of privacy in criminal proceedings and issues of binding.
