

POSUDEK VEDOUCÍHO BAKALÁŘSKÉ DIPLOMOVÉ PRÁCE

SUPERVISOR'S REPORT OF THE BACHELOR THESIS

Supervisor's name: Mgr. Helena Vomáčková

Student's name: Michael Bramham

The title of the bachelor thesis:
Case study of physiotherapy treatment of a patient with the diagnosis of anterior cruciate reconstruction

The goal of the bachelor thesis:
The aim of the general part of the thesis is to summarise the theoretical information about anatomy, kinesiology and biomechanics of the knee joint as well as the LCA. The aim of the special part is case study of physiotherapeutic treatment of a patient after LCA reconstruction.

1. Volume:

pages of text / pages of the thesis	43/47			
	21			
number of references	articles	monographs	electronic sources	other
	0	11	0	6
others	figures	tables	graphs	appendices
	2	16	0	2

2. Seriousness of topics:

	above average	average	under average	unsatisfactory
theoretical knowledge			X	
input data and their processing			X	
used methods		X		

3. Criteria of thesis classification:

	degree of evaluation			
	excellent	very good	satisfactory	unsatisfactory
degree of aim of work fulfilment				X
independence of student during process of thesis			X	
<i>Student worked independently without any contact with supervisor therefore he was not able to make any correction in the content of the work. The text is not therefore based on the consultation recommendation.</i>				
logical construction of work			X	
<i>The general part contents information about the knee anatomy, shortly kinesiology and biomechanics; detailed description of the physiotherapeutic methods used in management of this diagnosis are missing.</i>				
work with literature and citations				X
<i>Student has used only monographs resources, nor information from actual articles neither electronic sources.</i>				
adequacy of used methods			X	
design of work (text, graphs, tables)			X	
<i>Chapter 2.1.5. (page 4-10) is written in different text alignment.</i>				
stylistic level		X		

4. Usefulness of the thesis outcomes:

under average	average
---------------	---------

5. Comments and questions to answer:

The thesis doesn't fully responds to the requirements for the bachelor thesis and successful passing of this diploma work will be considered according the student defence. The description of actual as a STP is unfortunately missing in every therapeutic unit. Question: Which used therapy was maximal effective for your patient? Set up the therapy proposal to fulfil your short and long therapeutic plan with the usage of the therapy based on neurofacilitating techniques.

6. Recommendation for defence: NO YES

7. Designed classificatory degree good/unsatisfactory - according to student's presentation/defence

Date: in Prague 1.5.2018
